GUIDED MISSILE AND ASTRONAUTICS INTELLIGENCE COMMITTEE

27 June 1962

USAF Declass/Release Instructions On File

MEMORANDUM FOR: Director of Naval Intelligence

SUBJECT: LCDR Robert C. Williamson

1. Prior to my being relieved as Chairman, GMAIC, I would like to express my sincere appreciation for the support of GMAIC activities by the Office of Naval Intelligence.
2. With the passage of time this support has increased in both volume and quality. I would particularly like to commend the contributions of LCDR Robert C. Williamson to the deployment activities of GMAIC and its working group, of which he is the Navy Member.
3. I have had the pleasure of both observing and working with him in this function. He has demonstrated an exceptional amount of initiative and drive in and out of the working group meetings. This, together with his judgment, has contributed significantly to the output of the group and GMAIC, and the confidence with which the results have been accepted by the Intelligence Community.
4. Because these activities have required so much of his time from his regular job in ONI, I feel it desirable to pass on to you my views of the outstanding manner in which he has contributed to the community assessment of the evidence on the deployment of long range missiles.

Earl McFarland, Jr.

EARL MCFARLAND, JR.
Colonel, USAF
Chairman
